Sunday	Ioford & Megamix	TurboBooster, Quik-Gel, E Powder & F-Vite	

Notes on Soft Food Supplements

TurboBooster, **E Powder** and **F-Vite** may be mixed into the dry seed provided as part of your own soft food mixture or Allan Simpson's soft food mix. **Quik-Gel** is given in the drinking water or on the seed mix when a soft food is not provided.

Additional **E Powder**, **F-Vite** & **Bloomford** may also be placed in a small finger drawer during the molt period.

Dry Seed Ingredient Mix Rate: **TurboBooster** (5ml), 3 drops each **Quik-Gel** and **Inca Honey** are thoroughly mixed into 500 grams of seed. Then ½ level teaspoon (2.5 grams) each of **E Powder**, **F-Vite** & **Bloomford** are mixed through the seed mix. Seed mix may be left in the cage for 2 days when temperatures are below 72° F (24° C).

Alan Simpson's World Famous Soft Food Recipe: 1 cup (250 grams) **Miracle Meal**, 1-12 hardboiled egg, 1 tablespoon **TurboBooster**, 2 tablespoons **E Powder**, 1 tablespoon each **F-Vite** & **Bloomford**, 3 drops each of **Quik-Gel** & **Inca Honey** (when indicated).

Procedure: Dissolve **Quik-Gel** into a small amount (10mls) of warm water. Thoroughly mix **TurboBooster** with **Quik-Gel** and **Inca Honey** solution into the **Miracle Meal**. Store in refrigerator overnight. In the morning mix in the **E Powder** followed by the **F-Vite** & **Bloomford**. Finally fold the crushed boiled egg through the mixture. Remove any uneaten portions within 6 hours during hot weather.
